Lexmark Coax/Twinax Adaptor for SCS

With this option installed, the printer will emulate an IBM host-workstation printer and print from applications running on an IBM iSeries, AS/400, IBM zSeries, or System/390 computer. The Coax/Twinax Adaptor for SCS is a 32-bit PCI-based option that is installed in a slot in the printer. The Coax/Twinax Adaptor for SCS provides the SNA Character String (SCS) data stream and either a twinaxial or coaxial connection. For the coax attachment, DSC/DSE data streams are also supported. The Coax/Twinax Adaptor for SCS automatically detects the type of cable - either coax or twinax - that is being used to connect the printer to its IBM host. What's more, if the printer is connected to a network, Lexmark's SmartSwitch auto-emulation sensing technology will automatically switch the printer to the right language for each incoming document.

Features

∗ **Supports emulations of common IBM printers**

∗ **Supports FFT/DCA and SCS data streams for twinax attachments**

∗ **Supports SCS and DSC/DSE data streams for coax attachments**

Specification

General

With this option installed, the printer will emulate an IBM host-workstation printer and print from applications running on an IBM iSeries, AS/400, IBM zSeries, or System/390 computer. The Coax/Twinax Adaptor for SCS is a 32-bit PCI-based option that is installed in a slot in the printer. The Coax/Twinax Adaptor for SCS provides the SNA Character String (SCS) data stream and either a twinaxial or coaxial connection. For the coax attachment, DSC/DSE data streams are also supported. The Coax/Twinax Adaptor for SCS automatically detects the type of cable - either coax or twinax - that is being used to connect the printer to its IBM host. What's more, if the printer is connected to a network, Lexmark's SmartSwitch auto-emulation sensing technology will automatically switch the printer to the right language for each incoming document.

Lexmark Coax/Twinax Adaptor for SCS

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
