## **McDATA 4GB SAN Switch for HP p-Class BladeSystem**

The McDATA 4Gb SAN Switch for the HP p-Class BladeSystem brings a new paradigm for server to storage network connectivity. IT organizations now have the capability to lower cost, minimize deployment time, and save precious rack space through the integration of fibre channel switching into the HP BladeSystem. Server connectivity to the switch is built into the BladeSystem chassis backplane eliminating cabling and small form factor interconnects (SFP). The McDATA 4Gb SAN Switch plugs into the back of the BladeSystem. It installs quickly and easily into the GbE2 Interconnect Switch for HP p-Class BladeSystem, or the Cisco Gigabit Ethernet Switch module for HP p-Class BladeSystem, and provides seamless integration into existing or planned McDATA based storage networking fabrics.

### **Warranty**

(1-1-1) Hardware Warranty - One-year on-site warranty, 8x5, next business day response, installation not included.

### **Features**

- \* Small cube design plugs into the rear of the BladeSystem Chassis
- \* 1/2/4 Gb auto-sensing ports
- \* 8 internal and 2 external facing ports
- \* RJ 45 ports
- \* 2 Switches may be placed in each BladeSystem
- \* Management software for simple installation and operation
- \* Seamless non disruptive integration into existing McDATA fabrics
- \* Tested to operate in the most demanding Enterprise- class environments
- \* Integrated, enterprise-level management through HP StorageWorks High Availability Fabric Manager (HAFM) 8.8 and equivalent McDATA EFCM-based environments
- \* Supports McDATA services such as security, event monitoring and performance monitoring
- \* Non disruptive, on line code load and activation

### **About Memory Express**

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
