Verbatim (4.7GB) DVD-R 16x Matt Silver Spindle (Pack of 50)

No Image
Available

Verbatim's DVD-R for General was designed to meet the needs of users who demand a higher capacity. Therefore designed primarily for businesses and consumers for data archiving and one-time video recording. Professionals working with large image files, for example, will immediately discover advantages such as the ability to have an entire picture library on one disc, while sharing large multimedia files will no longer be a problem. Home-users will be able to edit, organise, share and preserve their memories on one disc in the form of photos, video clips and music. Verbatim's DVD-R for Authoring media was designed to meet the needs of professional content developers and software producers. Ideal for video, audio, multimedia imaging, archiving data and more! These discs can be read by all DVD drives but can only be written to by Pioneer's DVR-S201 drive.

Warranty	Lifetime.
Barcode	0023942435488

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
