## APC Rack Power Distribution Unit Switched Zero U 16A 230V (21) C13 and (3) C19 with 10 inch Power Cord

APC's Switched Rack Power Distribution Units (PDUs) are premium solutions to many of the power management problems seen in today's IT environments. Some of the problems are unauthorized use of power outlets, locked-up equipment, in-rush current, overloaded circuits, and the need of remote access to power outlets in the rack. The Switched Rack PDUs address these problems through individual outlet control, power on and off delays, current monitoring, alarm thresholds, and network management. Individual outlet control allows users to turn outlets on, turn outlets off, or recycle power to equipment, which can reboot locked-up equipment and avoid unauthorized use of outlets. Power delays allow users to determine the order in which equipment is powered up or down. Utilizing the power delay feature will avoid in-rush current, which can cause overloads. Monitoring the current draw at the rack level is key to avoiding downtime due to overloaded circuits. The Switched Rack PDUs provide an aggregate current draw, which can be viewed remotely or locally, via digital display. In addition, alarms will be generated based on user-defined thresholds to alert users of potential circuit overloads (NOTE: Currently available on select models only. Please see feature list for availability per SKU). Users can access, configure, and control the Switched Rack PDUs through Web, SNMP, or Telnet Interfaces.

Warranty	2 Years Repair or Replace.
Barcode	0731304232827
AC Voltage Range	230V
Frequency	47 to 63Hz
Compliance Standards	AS/NZS 3548 (C-Tick) Class A CE EN 55022 Class A EN 55024 EN 60950 EN 61000-3-2 VDE
Dimensions	5.6cm (W) x 4.4cm (D) x 161.9cm (H) - Weight 5.91kg

### Features

- \* Alarm Thresholds
- \* Flash Upgradeable
- \* Local Current Monitoring Display
- \* Network Management
- \* Rack-Mountable
- \* Remote Individual Outlet Control
- \* Toolless Mounting Capabilities
- \* Vertical Mounting Capabilities

### About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
