

## **Lexmark MarkNet X2011e (Ethernet 10 100BaseTx) External Print - One High Speed Parallel Port Model**

MarkNet X2000 Series print servers are versatile, high-performance, high-value external print servers designed to connect virtually every non-network-ready parallel or serial printer to all major network environments. They provide the ideal connectivity solution for IT administrators looking for a compatible, powerful and flexible solution with room to grow. It is easy to deploy and manage through the Lexmark management and installation tools designed to increase IT administrator productivity and lower IT administrative costs.

The MarkNet X2011e is ideal for IT administrators who require external print servers to connect a parallel printer to their Ethernet network. It is designed for administrators who require high performance, compatible, easy to use and versatile network printing solutions in 10/100BaseTX environments.

**Warranty** 1 year parts and labour.

### **Features**

- \* 90MHz on-board processor
- \* Save valuable time with quick and easy installation.
- \* Fast and easy printer management with MarkVision.
- \* MarkNet X2000 External Print Servers are fully Web enabled.
- \* One High Speed Parallel Port Model
- \* Blazing performance reduces the wait for print jobs
- \* Compatibility in multi-protocol, multi-vendor network environments.
- \* 2MB RAM
- \* 2MB Flash Memory
- \* Enhanced Resident Web Server for setup and configuration lets IT administrators remotely and easily setup and manage print servers via a consistent, powerful and low-overhead interface
- \* 10/100BaseTX Ethernet
- \* RJ-45 connector
- \* 1 parallel port

### **About Memory Express**

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
