## **HP StorageWorks 2000sa Modular Smart Array Controller SAS 3Gb s Switch Bundle**

The HP StorageWorks 2000sa Modular Smart Array (MSA2000sa) represents the end-to-end Serial Attached SCSI (SAS) model of the MSA2000 family (which includes the MSA2000fc Fibre Channel and MSA2000i iSCSI models), a new generation of HP storage arrays specifically designed for entry-level customers featuring the very latest in functionality and technology at highly affordable price points. The MSA2000sa is a 2U direct attach, external shared storage solution designed for small to medium size deployments or remote locations. It comes in two models - a basic single controller model for low initial cost with the ability to upgrade later; and a model with dual controllers standard for maximum performance. This solution offers a SAS host interface to accommodate twelve 3.5 inch enterprise class SAS drives and archival-class SATA drives. Additional capacity can easily be added when needed by attaching up to three MSA2000 12 bay drive enclosures. Maximum raw capacity ranges from 3.6TB SAS or 12TB SATA in the base cabinet, to over 14.4TB SAS or 48TB SATA with the addition of the maximum number of drive enclosures. NOTE: there are no additional hidden charges, licences or fees as you add enclosures or hosts and users.

The 3Gb SAS Switch is a single wide interconnect module that enables each server blade with a Smart Array P700m controller card to communicate with the HP StorageWorks 2000sa Modular Smart Array. Bundle includes: HP MSA2012sa DC Modular Smart Array (qty 1), HP 3Gb SAS BL Switches (qty 2) and HP mini-SAS 2M Cable (qty 4).

### **Operating Systems Supported**

Windows 2008; Windows 2003; Red Hat Enterprise Linux 5; SuSE Linux Enterprise Server 10; VMWare ESX 3.5 support will be available 30 days after Launch

### **Dimensions**

44.7cm (W) x 60.2cm (D) x 8.9cm (H) - Weight 20.0kg

## **Features**

### **\* HP StorageWorks 2000sa Modular Smart Array Controller Switch Bundle**

**\* Drive: 1 - 48**

**\* Host interface: Serial Attached SCSI (SAS) 3Gb/sec**

**\* Storage expansion: MSA2000 3.5 inch disk enclosure (single or dual IO)**

**\* Supported drives interface type: SAS; SATA**

**\* Clustering support: Yes; Windows and Linux**

**\* Support SAN backup and Storage mirroring**

**\* 2U Chassis type**

**\* Capacity up to 48TB of storage**

## **HP StorageWorks 2000sa Modular Smart Array Controller SAS 3Gb s Switch Bundle**

### **Specification**

#### **General**

The HP StorageWorks 2000sa Modular Smart Array (MSA2000sa) represents the end-to-end Serial Attached SCSI (SAS) model of the MSA2000 family (which includes the MSA2000fc Fibre Channel and MSA2000i iSCSI models), a new generation of HP storage arrays specifically designed for entry-level customers featuring the very latest in functionality and technology at highly affordable price points. The MSA2000sa is a 2U direct attach, external shared storage solution designed for small to medium size deployments or remote locations. It comes in two models - a basic single controller model for low initial cost with the ability to upgrade later; and a model with dual controllers standard for maximum performance. This solution offers a SAS host interface to accommodate twelve 3.5 inch enterprise class SAS drives and archival-class SATA drives. Additional capacity can easily be added when needed by attaching up to three MSA2000 12 bay drive enclosures. Maximum raw capacity ranges from 3.6TB SAS or 12TB SATA in the base cabinet, to over 14.4TB SAS or 48TB SATA with the addition of the maximum number of drive enclosures. NOTE: there are no additional hidden charges, licences or fees as you add enclosures or hosts and users.

The 3Gb SAS Switch is a single wide interconnect module that enables each server blade with a Smart Array P700m controller card to communicate with the HP StorageWorks 2000sa Modular Smart Array. Bundle includes: HP MSA2012sa DC Modular Smart Array (qty 1), HP 3Gb SAS BL Switches (qty 2) and HP mini-SAS 2M Cable (qty 4).

#### **System Requirements**

##### **Operating Systems Supported**

Windows 2008; Windows 2003; Red Hat Enterprise Linux 5; SuSE Linux Enterprise Server 10; VMWare ESX 3.5 support will be available 30 days after Launch

#### **Environmental**

##### **Environmental**

Operating Temperature 5 to 40C - Humidity 10 to 90%

#### **Physical**

##### **In The Box**

Includes: HP MSA2012sa DC Modular Smart Array (1), HP 3Gb SAS BL Switches (2), HP mini-SAS 2M Cable (4)

##### **Dimensions**

44.7cm (W) x 60.2cm (D) x 8.9cm (H) - Weight 20.0kg

## About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.
