Canon iX7000 PIXMA Colour Photo Printer A3

The PIXMA iX7000 is the ultimate A3 office inkjet. PgR technology delivers laser-quality plain paper prints: ideal for leaflets and posters. Pigment inks produce long-lasting A3+ glossy photo prints.

The PIXMA iX7000 delivers superior plain paper print quality to demanding professionals who require the combination of high quality and versatility: print up to A3 size documents and visuals on plain paper, or bring your own photos to stunning life in up to A3+ size. Canon supports the industry-wide ISO standard for measuring print speeds. This makes it easy to select the right PIXMA for you based on real document print speeds. The PIXMA iX7000 offers ISO ESAT speeds of 10.2ipm for mono documents and 8.1ipm for colour. Canon's FINE technology with 2pl ink droplets delivers 4800x1200dpi print resolution for amazingly detailed colour photos and crisp, sharp text. A 10x15cm borderless photo is printed in approximately 44 seconds.∗ Employing Canons PgR (Pigment Reaction) technology, superior plain paper printing is possible: high contrast, vivid colours are less likely to bleed or wash off with moisture. LUCIA pigment inks offer outstanding colour density with exceptional levels of image stability and durability. With three paper paths a 250-sheet lower cassette, a manual feed tray and a rear tray the PIXMA iX7000 offers high capacity paper input for a variety of photo and plain media. Automatic double-sided plain paper printing is possible up to A3 size, a great way to save paper and reduce waste.

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
