## Epson AcuLaser M1200 (A4) 20ppm 600dpi Monochrome Laser Printer

No Image  
Available

The EPSON AcuLaser M1200 brings high performance to every personal user, with a low investment price and optimised running costs. In addition, this reliable monochrome printer is really easy to use and maintain. Thanks to high and standard capacity developer cartridges, it can suit every printing need. Combine print speeds of up to 20 ppm with professional quality at up to 600 dpi resolution, for perfect business letters, emails, web pages and more. This compact printer fits easily onto your desktop and is one of the only printers in its class that has parallel and USB interfaces as standard, so its easy to connect the Epson AcuLaser M1200 to your computer and use it as your local printer. Enjoy simple, reliable mono business printing with the standard multi-purpose 150-sheet paper tray and a very high duty cycle for desktop usage of up to 15,000 pages. Also, with pre-installed consumables and compatibility with all common operating systems youre ready to start printing as soon as you set up. And changing cartridges is a quick and simple operation that any user can manage. Two different toner sizes are available for added flexibility and to suit your business needs. The high capacity cartridge gives you one of the lowest costs per page in this market, while the standard size gives you a low price per cartridge.

By choosing Epson Return Toner Cartridges you can save even more money and help to protect the environment too.

### About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
