

Epson DC-06 Visualiser 2 Million Pixel Resolution (White)

No Image Available

You might have wondered how to display large printed pages and illustrated documents without first photocopying them? And what about showing 3D or fragile objects close up to a large audience? Now you can do all this, with the Epson ELP DC-06 visualiser, a portable and adjustable camera that attaches directly to a computer or the latest Epson projectors. Incorporating our advanced technologies, the Epson ELP DC-06 is a compact and affordable desktop solution for enlarging the source materials you can display while drastically cutting preparation time. The Epson ELP DC-06 visualiser only takes seconds to set up. You can connect directly to the Epson EB-8 projector series and future Epson projectors thanks to the direct USB connection and two-in-one cable. It also lets you work via a computer. Just plug in, unfold the arm and you're ready to focus. The Epson ELP DC-06 visualiser does not need a separate power supply, making it very compact. It is light, and the arm folds down neatly into the base making it easy to carry. With power consumption of less than 2.5W it meets modern ecological standards. Visual quality is guaranteed with 2 million pixel resolution and powerful zoom allowing you to focus on details. The camera can be turned 90 in different axis and the height adjusted, so you can even capture 3D objects, or an entire board.

Warranty	3 Years
Barcode	8715946460475
Image Sensor Technology	CMOS 2.0 Megapixels
Digital Zoom	4x
Dimensions	26.0cm (W) x 7.6cm (D) x 38.8cm (H) - Weight 0.9kg

Features

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
