Zebra S4M 203dpi 8 Dot, 104mm Print Width, 152 mm Per Second Print Speed, USB PEEL Serial Interface, 10 100 ZebraNet Thermal Transfer Label Printer EPL Real Time Clock 64MB Flash Memory

Zebra's S4M printer packages ease of use, metal construction, and a variety of connectivity options into a thermal printer that takes a full 8 inch roll of Zebra labels for fewer media changes. Designed for the budget-minded, the S4M has the features needed to support many applications at an affordable price. With easy controls and proven side-loading design, it's quick to learn, use, and load, so operators can focus on more productive tasks. The printer offers standard serial, parallel and USB connectivity, as well as optional internal 10/100 Ethernet and 802.11b wireless networking for simple integration and remote monitoring, plus it can be ordered with different printer programming languages. Compared to similar printers on the market, the S4M thermal printer is an outstanding value.

Mono or Colour Printer	Mono
Printer Resolution True	203dpi
Speed Monochrome	152mm per second
Paper Size	104mm Width
Network Interface	ZebraNet 10/100 Print Server
Dimensions	27.2cm (W) x 47.7cm (D) x 29.5cm (H) - Weight 12.4kg

Features

- * **Print Methods:** Direct thermal and Thermal Transfer (optional)
- * **Construction:** Die-cast metal frame with sheet metal enclosure
- * **Metal media cover with enlarged clear window**
- * **Element Energy Equalizer (E3) for superior print quality**
- * **Back-lit LCD control panel**
- * **Parallel, USB 1.1 and RS-232 serial ports**
- * **Unicode - Compliant**

Specification

General

Zebra's S4M printer packages ease of use, metal construction, and a variety of connectivity options into a thermal printer that takes a full 8 inch roll of Zebra labels for fewer media changes. Designed for the budget-minded, the S4M has the features needed to support many applications at an affordable price. With easy controls and proven side-loading design, it's quick to learn, use, and load, so operators can focus on more productive tasks. The printer offers standard serial, parallel and USB connectivity, as well as optional internal 10/100 Ethernet and 802.11b wireless networking for simple integration and remote monitoring, plus it can be ordered with different printer programming languages. About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
