Datalogic Gryphon GD4410 General Purpose Corded Handheld Area Imager Barcode Reader 2D Imager USB RS-232 Multi-interface Black (includes Scanner and All in One Permanent Base

The Gryphon 4000 series represents the premium level of data collection devices from Datalogic Scanning for general purpose applications. Designed with people in mind, the Gryphon I GD4400 imager blends advanced 2D reading with motion sensing technology, producing a user-friendly device with outstanding performance. Perfect for both handheld and presentation reading, the Gryphon I GD4400 imager features Datalogic's Motionix motionsensing technology which detects the natural actions of the operator to automatically switch the scanner into the desired scanning mode. This technology works with or without the use of a stand, offering more operational choices. Both the aimer and sensor can be programmed to the user's desired preferences. User comfort is maximized with the Gryphon I GD4400 imager's steady, deep red illumination light. Easier on the eyes than competitive products with flicker illumination, the highly visible 4-Dot aimer defines a precise reading zone and reduces accidental reads. The aimer's centre cross provides a locator for targeted scanning in a multiple bar code environment.

The Gryphon I GD4400 imager provides snappy reading performance on all common 1D and 2D codes as well as postal, stacked and composite codes like PDF417. High Density (HD) models are also available for reading smaller, condensed codes. For mobile marketing or ticketing applications, this imager also offers excellent performance when reading bar codes from mobile devices. The Gryphon I GD4400 2D omnidirectional reader eliminates the need for separate equipment with signature capture and document scanning capabilities. Its enhanced optics offer improved motion tolerance and high speed imaging to read fast moving codes. As a corded device, the Gryphon I GD4400 imager is available in two different interface models: a multi-standard interface for connection to the host via USB (COM and Wedge Emulation), RS-232 or Wedge Emulation or an IBM 46XX interface model, including USB and RS-232 interfaces.

Warranty	5-Year Factory Warranty
Dimensions	7.1cm (W) x 10.0cm (D) x 17.1cm (H) - Weight 0.195kg

Features

* **Motionix motion-sensing technology for seamless reading mode transitions**
* **Highly visible 4-Dot aimer with centre cross for targeted scanning**
* **Omnidirectional reading**
* **Advanced motion tolerance optics**
* **Image capture and document scanning capabilities**
* **Reads 1D, 2D and postal codes plus stacked and composite codes**
* **Multi-interface options: RS-232 / IBM 46XX / USB or RS-232 / USB / Keyboard Wedge / Wand**
* **Datalogic s patented Green Spot for good-read feedback**

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.
