Datalogic Gryphon GBT4400 General Purpose Handheld Area Imager Barcode Reader with Bluetooth Wireless Technology 2D Multi-interface, Health are, USB Kit with Base Station and Cable

With rich feature sets, the Gryphon product series from Datalogic Scanning represents the premium level of data collection equipment for general purpose applications. The Gryphon I GBT4400 2D scanner blends advanced reading technology with the ability to detect the natural actions of the operator to produce user-friendly features and outstanding performance. Lightweight and comfortable to use, the steady, dim, deep red illumination light is much easier on the eyes than other similar products with flicker illumination, even during extended periods of use. The highly visible 4-Dot aimer clearly defines the reading zone of the scanner and the centre cross provides a locator for targeting when scanning a sheet or product with multiple bar codes. The Gryphon GBT4400 2D reader is designed with Datalogic's Motionix motion-sensing technology, which enables the scanner to intuitively switch into handheld mode when the device is picked up. When placed back into the stand, it seamlessly returns to stand mode, eliminating the need to scan a code or to rely on a mechanical switch to make this change. The two-position base station provides the flexibility to use the scanner in presentation or stand mode while it's charging. The scanner also features Datalogic's patented 'Green Spot' for additional good read confirmation by placing a green spot directly on the code.

The scanner reads common codes including 1D, 2D and Postal codes plus stacked and composite codes like PDF417 and GS1 DataBar. It also offers excellent performance when reading bar codes from cell phones or mobile devices for mobile marketing or ticketing applications. High Density (HD) models are available for reading smaller, condensed codes. Fast, snappy, omnidirectional reading makes the Gryphon GBT4400 scanner ideal for use in signature capture and document scanning applications. High speed imaging and motion tolerance reads fast moving codes, allowing you to rapidly move from one code to the next. Featuring Bluetooth wireless technology, the reader can transmit data to the host through its base station as well as to any commercial or embedded Bluetooth v2.0 compliant device.

Warranty	3-Year Factory Warranty
Dimensions	7.1cm (W) x 10.0cm (D) x 18.1cm (H) - Weight 0.245kg

Features

* **Bluetooth Wireless Technology with up to 30 m / 98 ft range**
* **Omnidirectional reading**
* **Advanced motion tolerance optics: 60 frames per second**
* **Image Capture**
* **Reads 1D, 2D and Postal codes plus stacked and composite codes like PDF417 and GS1 DataBar**
* **Multi-interface options: RS-232 / IBM 46XX / USB or RS-232 / USB / Keyboard Wedge / Wand**
* **Datalogic\'s patented \'Green Spot\' for good-read feedback plus the 4-dot Aimer**

Datalogic Gryphon GBT4400 General Purpose Handheld Area Imager Barcode Reader with Bluetooth Wireless Technology 2D Multi-interface, Health are, USB Kit with Base Station and Cable

* Point-to-point and multi-point transmission
* Two-position cradle with Scan-While-Charging capability
* Batch Mode capability: +1200 codes stored in memory
* User-replaceable, long lasting lithiumion battery
* Drop resistance to 1.8 m / 5.9 ft
* USB Certified Kits Available

Specification

General

With rich feature sets, the Gryphon product series from Datalogic Scanning represents the premium level of data collection equipment for general purpose applications. The Gryphon I GBT4400 2D scanner blends advanced reading technology with the ability to detect the natural actions of the operator to produce user-friendly features and outstanding performance. Lightweight and comfortable to use, the steady, dim, deep red illumination light is much easier on the eyes than other similar products with flicker illumination, even during extended periods of use. The highly visible 4-Dot aimer clearly defines the reading zone of the scanner and the centre cross provides a locator for targeting when scanning a sheet or product with multiple bar codes. The Gryphon GBT4400 2D reader is designed with Datalogic's Motionix motion-sensing technology, which enables the scanner to intuitively switch into handheld mode when the device is picked up. When placed back into the stand, it seamlessly returns to stand mode, eliminating the need to scan a code or to rely on a mechanical switch to make this change. The two-position base station provides the flexibility to use the scanner in presentation or stand mode while it's charging. The scanner also features Datalogic's patented 'Green Spot' for additional good read confirmation by placing a green spot directly on the code.

The scanner reads common codes including 1D, 2D and Postal codes plus stacked and composite codes like PDF417 and GS1 DataBar. It also offers excellent performance when reading bar codes from cell phones or mobile devices for mobile marketing or ticketing applications. High Density (HD) models are available for reading smaller, condensed codes. Fast, snappy, omnidirectional reading makes the Gryphon GBT4400 scanner ideal for use in signature capture and document scanning applications. High speed imaging and motion tolerance reads fast moving codes, allowing you to rapidly move from one code to the next. Featuring Bluetooth wireless technology, the reader can transmit data to the host through its base station as well as to any commercial or embedded Bluetooth v2.0 compliant device.

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Datalogic Gryphon GBT4400 General Purpose Handheld Area Imager Barcode Reader with Bluetooth Wireless Technology 2D Multi-interface, Health are, USB Kit with Base Station and Cable

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
