## Draper MC1 (230V) Motor Control Board

No Image  
Available

The MC1 Control Board provides multiple input control options for screen, lift or shade motors. This simply designed, but powerful control board accepts 2-way serial communication (with or without relay closure), infrared commands via IR receiver, and relay closures found in home integration systems. Available as an external option for all motorized screens, AeroLifts, and Micro Projector Lift. Can also be factory installed in some screens. The MC1 & VIC may be built into Access V & E. The MC1 and LVC-III may be built into Signature V & E. Factory installed controls will increase the length of the case. Call for exact case length as this dimension is critical.

Two double-gang electrical boxes bolted together. One box contains the actual module, while the empty box is useful for making connections. The module contains a 3-screw terminal block for a wall switch (up, down, common), IR receiver jack, RF receiver jack, and a user-serviceable 4A fuse. A spare fuse is included. A 5-wire pigtail for Hot, Ground, Common, Up and Down.

### Features

- \* LVC-S low voltage wall switch
- \* RF (Radio Frequency) remote control (range 75 ft.)
- \* IR (Infrared) remote control (range 50 ft.)
- \* Serial communication via RS232
- \* Internet Protocol
- \* LVC-SL LED low voltage wall switch
- \* The MC1 can also be used as a Single-Pole, Double-Throw dry closure to control other equipment by the same means listed in #1 above
- \* Compatibility;
- \* LVC-SL LED low voltage wall switch 2 Please Note:
- \* Splitter and power supply also required close WRT/R radio frequency remote control package 3 Please Note:
- \* Splitter and power supply also required close IRT/R infrared remote control package 4 Please Note:
- \* Splitter and power supply required if using more than one of these controls close SP-KSM 3-position momentary key switch 5 Please Note: (Beware: Stop won't work) close IPD 4 Internet Protocol 6 Please Note:

### About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
