## Axis P5522 PTZ Dome Network Camera (Europe)

No Image  
Available

The camera is powered using Power over Ethernet Plus (PoE+), which facilitates installation since only one network cable is needed for carrying power, video/audio and PTZ commands. It is perfect for wide ranging surveillance applications, such as in stores, offices, hotels and warehouses. The camera enables users at a remote location to pan 360 for overview surveillance, tilt 180 and zoom in 18x with autofocus for detailed views. The Advanced Gatekeeper functionality enables the camera to automatically move to a preset position when motion is detected in a pre-defined area. High video quality is maintained even in low light conditions, thanks to the camera's day/night functionality. Support for wide dynamic range enables objects in both dark and light areas of a scene to be visible. AXIS P5522 provides H.264 and Motion JPEG streams at full frame rate in all resolutions up to D1 (720x480 in 60 Hz, 720x576 in 50 Hz). AXIS P5522 has an IP51 rating, which ensures protection against dust and dripping water. The camera can operate even when a sprinkler system is activated.

Barcode	733102103392
CCD Size	1/4 Inches
Optical Zoom	18x
Digital Zoom	12x
Memory Size	256MB
Flash Memory	128MB
Case Colour	White

### Features

- \* 18x optical zoom with autofocus
- \* D1 resolution, day/night and H.264
- \* IP51-rated protection against dust and dripping water
- \* Advanced Gatekeeper
- \* Easy installation including PoE+ (IEEE 802.3at)
- \* Two-way audio, audio detection, inputs/outputs for external devices and AC/DC power
- \* SD/SDHC slot for storing recordings locally
- \* Network management features such as HTTPS encryption that does not affect performance, IPv6 and Quality of Service
- \* Open Application Programming Interface (API) for software integration, including the ONVIF specification available at [www.onvif.org](http://www.onvif.org), as well as VAPIX and AXIS Camera Application Platform from Axis Communications

### About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
