## Axis M5014 PTZ Dome Network Camera (White)

No Image  
Available

AXIS M5014 PTZ Dome Network Camera is a palm-sized, HDTV 720p pan/tilt/zoom camera that is affordably priced for remote and discreet monitoring of indoor areas such as stores, banks, hotels, office lobbies, restaurants and warehouses. The ultra-discreet AXIS M5014 measures only 13 cm (5.1 inch) wide and 5.6 cm (2.2 inch) high. The ceiling-mount AXIS M5014 enables flexible coverage over a 400 sq. m. (4300 sq. ft.) area, with a 180 pan, 90 tilt and 3x digital zoom. The camera helps users remotely manage one or more business locations for improved profitability and on-site security. HDTV 720p entails a 1280x720 resolution, progressive scan, HDTV colour fidelity, full frame rate and a 16:9 format. AXIS M5014 supports multiple H.264 and Motion JPEG video streams. H.264 greatly optimizes bandwidth and storage use without compromising image quality. With an IP51 rating, the camera is dustproof and protected from dripping water, enabling video to be taken even when a sprinkler system is activated. AXIS M5014 is designed for quick and easy installation. The camera is powered with Power over Ethernet (PoE) using a PoE switch or midspan, which eliminates the need for power cables and reduces installation costs. The built-in microphone enables users to listen in remotely and audio to be recorded. Audio detection allows unusual sounds or noise detected during off-hours to trigger alarm events. The microSD/SDHC card slot enables several days of recording on a microSDHC card.

Barcode	733102103446
CCD Size	1/4 Inches
Digital Zoom	3x
Built in Microphone	Yes
Memory Size	256MB (RAM)
Flash Memory	128MB
Power over Ethernet (PoE)	Yes
Case Colour	White

### Features

- \* Pan, tilt, zoom in an ultra-discreet design
- \* HDTV 720p and H.264
- \* IP51-rated protection against dust and dripping water
- \* Power over Ethernet (IEEE 802.3af)
- \* Built-in microphone and audio detection

## About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
