Bundle: HP StorageWorks D2600 Disk Enclosure with 36TB (12x3TB) LFF Dual-Port MDL SAS 6G Hard Drives

Manage your small and midrange business growing storage needs by deploying the HP StorageWorks D2000 Disk Enclosures, the next generation 6Gb SAS low cost, flexible tiered external storage systems. HP StorageWorks D2000 Disk Enclosures are ideal for small application environments in small and medium businesses, remote offices and departmental locations as well as for tier 2 or 3 storage for large organisation customers. The new 6Gb SAS enclosures Large Form Factor (LFF) D2600 with 12 drive bays and Small Form Factor (SFF) D2700 with 25 drive bays offer modular solutions to simplify capacity expansion of HP ProLiant server environments to external storage without having to make the full move to storage area network (SAN) or network attached storage (NAS). This allows you to buy what is needed today and purchase additional capacity as data storage needs grow. Total support can grow as needed to up to 96 LFF or 100 SFF drives.

Warranty	3 Years Parts 0 Years Labour 0 Years On-Site
Maximum Enclosure Capacity	Number of Bays 12
Included Drive(s)	(12 7200RPM SAS
Dimensions	41.91cm (W) x 59.69cm (D) x 76.2cm (H) - Weight 24.49kg

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
