HP Designjet Z3200PS 24 inch USB RJ-45 Large Format Inkjet Printer(Base Model with Adobe PostScript)

This 12-ink HP Designjet, with new HP 73 Chromatic Red ink, delivers long-lasting gallery-quality prints in black and white and colour. It enables easy calibration and profiling with its embedded spectrophotometer and also delivers great ink efficiency. The HP Designjet Z3200 Photo Printer series is ideal for professional photographers, digital fine artists, print service providers, graphic designers, and pre-press professionals who want to create: Gallery-quality prints, portraits, limited editions, albums, art reproductions, large-format designs, proofs

The Designjet Z3200s built-in X-Rite spectrophotometer and HP printer linearization and profiling software take the cost, effort, and guesswork out of printer colour management. You are never more than a few mouse clicks and 20 minutes away from a professional ICC profile customized for your printer, paper, and environmental conditions. Custom HP profiles make the most of your Designjets extended colour gamut in reds, blues, and greens whether using matte fine art paper, satin or glossy photo paper, canvas, backlit film, or any of a wide range of other compatible substrates. Perfectly neutral black-and-white prints with extended tonal range, fine shadow detail, and continuous tone appearance are all unlocked by custom HP printer profiles. Add the optional HP/X-Rite Advanced Profiling Solution (standard on PostScript models) for additional flexibility and functionality such as monitor calibration and profiling, RGB and CMYK printer profiling, profile verification, and profile editing.

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
