StarTech.com 1 Port ftDI USB to Serial RS232 Adaptor Cable with Optical Isolation

No Image
Available

Add an RS232 Serial Port with Circuit Isolation to your Laptop or Desktop Computer, through USB. The ICUSB2321FIS 1-Port FTDI USB to Serial RS232 Adapter Cable with Optical Isolation converts an available USB 1.1 or 2.0 port into an RS232 DB9 port that can be used to connect, monitor and control your serial devices. The USB to serial adapter features integrated optical isolation circuits and surge protection to protect your critical, sensitive control equipment against electrical damage, making it a viable solution for costly industrial serial devices. The versatile FTDI chipset also supports COM retention, additional customization/features, and compatibility not offered by most other solutions. Broad operating system compatibility including Windows, Windows CE, Mac OS and Linux, makes this product easy to integrate into mixed environments. Backed by a StarTech.com 2-year warranty and free lifetime technical support. Circuit isolation provides electrical protection for sensitive, and often expensive industrial equipment. Portable USB-Powered design requires no bulky power adapter or outlet. The FTDI chipset driver is highly customizable and broadly compatible, making it the ideal solution for any setup. Perfect for IT Administrators looking to add legacy functionality to newer laptops, desktop computers and servers that lack an integrated RS232 port. Connect, monitor and control industrial/automotive sensors and other sensitive equipment. Connect bar code scanners, receipt printers and other point-of-sale devices. Connect and program LED and Digital signage boards with serial communication ports. Connect a satellite receiver, serial modem, or PDU.

Warranty	2 Years
Barcode	65030845373
Connector Type	1 x 9 pin D-Sub (Male) , 1 x 4 pin USB Type A
Cable length	1.8m
Cable Colour	Black
Dimensions	4.15cm (W) x 4.5cm (D) x 2.2cm (H) - Weight 0.2kg

Features

- * USB to Straight-Through RS232 Serial Adapter
- * Integrated 2500Vrms Optical Isolation Circuits
- * 500W Bi-Directional Surge Protection Circuits
- * Integrated FTDI USB UART Chip
- * COM Port assignments maintained across reboot
- * Compatible with Windows, Mac OS and Linux
- * Baud Rate up to 921.6 Kbps

StarTech.com 1 Port ftDI USB to Serial RS232 Adaptor Cable with Optical Isolation

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.
