## **WD DX4000 8TB Sentinel 4 Bay Windows Storage Server NAS**

No Image  
Available

Simple setup. WD Sentinel comes with everything you need to centralize your business files. Once it's set up, it intelligently manages drive and network status, reducing maintenance time so you can focus on your business. Built on proven technologies from industry leaders, WD Sentinel small office storage server offers your business a complete data protection solution for your peace of mind. WD Sentinel enhances your business efficiency and productivity by enabling anytime, anywhere access to your business information. Your employees and trusted partners have secure access to your company files without the complexity and expense of a VPN solution. Did you know that with a RAID-enabled storage system you can connect two or more drives so that they act like one big fast drive or set them up to be mirrored so that one drive in the system is used to automatically and instantaneously duplicate your data for real-time backup.

<b>Warranty</b>	3 Years
<b>Barcode</b>	718037778983
<b>Processor</b>	Intel Atom (D525) 1.8GHz
<b>Memory (Maximum)</b>	2GB
<b>Hard Disk</b>	8000GB (4 x 2000GB)
<b>Dimensions</b>	16.0cm (W) x 22.3cm (D) x 20.8cm (H) - Weight 6.35kg

### **Features**

- \* **Plug-and-play installation** - The easy set up process allows you to integrate WD Sentinel into your office network like a pro. The administration dashboard quickly guides you through the process of adding users, setting up data access, creating shared fold
- \* **Comprehensive data protection** - WD Sentinel offers comprehensive data protection for your small office network with WD's enterprise-class WD RE drives, RAID levels 1 or 5, automatic backup and restore, dual gigabitethernet ports, an optional backup power
- \* **Partnerships with industry leaders** -WD Sentinel combines hardware and software from industry leaders. It features enterprise-class RAID edition hard drives from WD and an Intel Atom dual core processor, and it's powered by Windows Storage Server 2008 R2
- \* **Secure remote access** - With built-in secure remote access, employees, clients or vendors can access the files on the WD Sentinel from any computer with an Internet connection
- \* **Easy administration** - The LCD display panel on the front of the device allows you to monitor the system status and critical alerts. Ongoing maintenance is minimal and the dashboard provides a full view into the health of the system
- \* **User serviceable** - To replace or add a drive, just open the door and swap out the drives. WD Sentinel does the rest. It seamlessly migrates the server to the appropriate RAID level and automatically expands the server's storage capacity with no down time

### **About Memory Express**

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
