A high-quality SVGA projector that has everything needed to create engaging classroom presentations, plus smart features for easy set-up. Make your budget go further with this affordable education projector that delivers very bright images. Packed with user-friendly features, it is straightforward to set up and use, allowing you to focus on teaching. This affordable projector has many features usually found on more expensive models, so schools can enhance classroom experiences with high-quality presentations without breaking the budget. It is compact and lightweight with a modern design, and offers the flexibility of both installation and mobile use. The direct power on/off feature enables the projector to be activated without pressing the power button while the tailor-made ELPMB23 optional ceiling mount makes installation quick and simple. A long lamp life of 5,000 hours keeps running costs low. With Epson's 3-in-1 USB Display feature, one cable is all you need for picture, sound and page up/down control. With the PC-free feature, still photos can be presented directly from a USB stick. Aligning the picture is quick and easy with horizontal and vertical keystone correction buttons. Epson's 3LCD projector engine delivers the natural, accurate colour that's essential for education, so maps, flags and art look true-to-life.

With equally high White and Colour Light Output of 2,600 lumens, and 3000:1 contrast ratio, you can achieve a vivid, sharp image. Capture the attention of your class by directly plugging in the optional ELPDC06 USB Visualiser to give a close-up view of 3D objects - perfect for classroom demonstrations.

Warranty	2 years on main unit; 1 year on lamp
Barcode	8715946488875
Resolution (Native)	SVGA (800 x 600 Pixels)

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
