Canon imageFORMULA DR-M140 (A4) Duplex Document Scanner (40ppm)

Canon

No Image
Available

With a robust, compact design and a U-Turn paper path, the imageFORMULA DR-M140's intelligent features make it a superb productivity booster in busy office departments and workgroups. The DR-M140's superbly compact dimensions make it the natural choice in environments where space is often limited - from busy offices to narrow counter tops, reception desks and customer service areas. The selectable U-turn feeding mechanism ejects scanned documents via the top of the device. When not in use, the DR-M140 is small enough to store conveniently in a drawer. The impressive imageFORMULA DR-M140 delivers full-rated colour scanning speeds of up to 40ppm/80ipm, at 300dpi, ideal for demanding paper-intensive environments where greater accuracy is needed for document data recognition and file classification. Built on the same reliable paper transport system as its predecessor - the DR-M140 is rated to scan up to a productive 6,000 scans/day. A selectable U-turn or straight through paper path allow for smooth scanning operation of a variety of media types, including embossed cards, thick and thin media and 3m long documents.

With a robust separation mechanism the DR-M140 reliably scans mixed document sizes and weights together. Ultrasonic double feed detection quickly identifies misfeeds, while a double feed release button lets you 'ignore and continue' scanning in special cases, such as an envelope or a document with a sticky note attached. The DR-M140 comes with the latest image processing features to help you achieve outstanding quality results every time. Features such as auto colour detection and an auto resolution setting ensure consistently superior image results; while MultiStream accommodates workflows required for improved OCR processing. The imageFORMULA DR-M140 comes with a superb range of market-leading software. It supports scanning to multiple file formats, including PDF, PDF-A, TIFF, JPEG, BMP and PowerPoint, while users can send files direct to a network folder and SharePoint. CaptureOnTouch features an intuitive user interface, including the Full Auto-Mode feature for a simplified scanning experience. CapturePerfect offers powerful software scanning tools for more mission-critical batch scanning applications. Also included is Kofax VRS, and eCopy PDF Pro Office, providing a full and professional software suite.

Scanner Type	Sheet Fed Scanner
Duplex Unit	Yes
Colour / Monochrome	Colour
Scanner Optical Resolution	600dpi x 600dpi
Maximum Paper Size	A4
Automatic Document Feeder	Yes
Dimensions	33.1cm (W) x 28.8cm (D) x 9.3cm (H) - Weight 2.6kg

Features

- * Compact, versatile design with selectable paper paths
- * Fast colour scanning of up to 80ipm at 300dpi
- * Robust build handles up to 6,000 scans/day

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
