WD My Passport Studio 500GB FireWire 800/USB 2.0 Ultra-Portable Hard Drive

My Passport Studio comes standard with the high-performance features and premium style that creative professionals demand. Two super-fast FireWire 800 ports and a MacBook -inspired, metal enclosure make this drive the ideal companion for the photographer, videographer, graphic artist, or creative professional on the go. With two super-fast FireWire 800 ports, you can save and access data at top speeds. Use the second FireWire port to daisy chain an additional external drive or other peripheral to your Mac. This drive also offers a USB 2.0 interface for added connectivity. The durable, anodized aluminum enclosure is the perfect complement for your Mac computer and resists scratching and fingerprints. Offering high capacity in a small metal enclosure, My Passport Studio is the ideal companion for the photographer, videographer, graphic artist, or creative professional on the go. WD Security allows you to set password protection and hardware encryption for your drive to protect your files from unauthorized use or access. Register your drive, set drive security, run diagnostics; and more using WD Drive Utilities. HFS+ Journaled so it works right out of the box with your Mac computer. Can be reformatted for Window. Back up your files with Apple Time Machine. The drive is powered through the FireWire or USB port, so there's no need to lug around a bulky power adapter. We know your data is important to you. So we build the drive inside to our demanding requirements for durability, shock tolerance, and long-term reliability. Then we protect the drive with a robust enclosure designed for beauty and protection.

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
