Verbatim Store 'n' Save SuperSpeed 2TB Desktop Hard Drive USB 3.0 (External)

No Image
Available

The Verbatim Store 'n' Save USB 3.0 desktop hard drive features high performance storage using a USB 3.0 'SuperSpeed' interface. USB 3.0 offers up to 10 times faster data transfer rates than USB 2.0 (based on USB bus speed) providing ultra fast data transfer on the go. Store 'n' Save can be placed flat or on its side to help create more space on your desktop. When you switch on Store 'n' Save the Verbatim Welcome screen will appear (dependent on PC OS running) giving shortcuts to the software, user manuals, support information and the directory of your drive. For added security Nero BackItUp and Burn Essentials software is provided to help back up your laptop or PCs hard drive. BackItUp and Burn Essentials provides 3 applications in 1. Back up all your files, folders, and drives whenever you want, or schedule the auto back up to a set time for added security. Nero Express gives you the option to burn your files to CD or DVD, and with Nero RescueAgent you have an option to recover files should they become damaged. Nero BackItUp and Burn Essentials Software is compatible with Windows XP, Vista, and Windows 7 (not compatible with Mac OS). Verbatim Hard Drives also come with Green Button energy saving software. Green Button software suspends the hard drive from spinning while not in use increasing efficiency and saving energy. There are 3 'Sleep Setting' options. Set the suspend mode to come in after 10 minutes of use, or by increments of 10 minutes up to 120 minutes. Set the drive to suspend immediately by double clicking the Green Button icon on the desktop, alternatively you can set the drive to 'Never Suspend the disk'.

Warranty	2 year
Barcode	50023942476721
Drive Interface	SATA
Disk Capacity	2000GB
USB Ports	1 x USB 3.0

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
