Manhattan Cologne Notebook Briefcase 17 inch

No Image
Available

The MANHATTAN Cologne Notebook Computer Briefcase offers a simple, attractive organization solution that easily travels almost anywhere. A single wide and deep storage compartment safely keeps cables and accessories separate from the notebook computer but within easy reach. Its exterior mesh pocket with closure holds favorite magazines, newspapers, meeting notes, airline tickets and more. Dual strap handles with reinforced stitching and an adjustable, removable shoulder strap give mobile professionals multi-purpose carrying options. Its interior with padded computer compartment accommodates most notebook computers with widescreens up to 17 inches. The top-load configuration enables quick packing and speedy airport inspections. Interior mesh pockets and pen loops keep the interior well organized. A rear slip strap conveniently secures a notebook computer and gear to an extended rolling bag handle. The exterior and interior are carefully constructed of lightweight, durable, easy-care materials that resist water and wear. Heavy-duty hardware - including zippers with sturdy pulls - ensures smooth operation with fewer snags. MANHATTAN Notebook Computer Cases combine superior computer protection and attractive styling with comfort and convenience when traveling across town, cross-country or around the world.

Barcode	766623438926

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
