Corsair Vengeance 16GB (4 x 4GB) Memory Kit PC3-15000 1866MHz DDR3 DIMM

Like the legendary Dominator, enthusiast-grade Vengeance DRAM is designed for stability, stringently factory-tested, and backed by our limited lifetime warranty. And, we know that great looks are as important as great performance. This is why Vengeance modules come in a variety of colours to match your components and let you build your system just the way you want it. Overclocking your components can be a fun and rewarding way of pushing your gaming PC to its performance limits. Vengeance can help make this happen. Before each module is assembled, the DRAM chips are individually screened not only to ensure reliable meeting performance specifications, but to allow generous headroom for stable overclocking. Vengeance memory is designed specifically for the latest CPUs. Vengeance modules are available in 1.5V and 1.35V configurations for maximum compatibility with all Intel Core i3, i5 and i7 processors, as well as the 2nd generation Intel Core processor family. With dual channel, triple channel, and quad channel kits, there's a Vengeance configuration that's perfect for your motherboard. Vengeance memory supports the Intel XMP (Extreme Memory Profile) standard, and each module is individually factory-programmed with an XMP profile indicating supported timing, frequency and voltages. Just enable XMP on your compatible motherboard and you'll automatically get optimized memory overclocking without having to deal with multiple BIOS settings.

 Of course, if you're an experienced overclocker - or an aspiring one - you can adjust the settings to push for even higher performance. There's a reason why world-champion overclockers, extreme gaming enthusiasts and high-end system builders all trust Corsair for high-performance memory that they can install with confidence and pride. Whether you're breaking your own records or you're simply building a dream gaming rig, you can count on Corsair memory. Your performance investment is protected. All of our memory products are backed by a limited lifetime warranty. With a long history of building enthusiast-grade memory and components, we've earned a reputation for quality, compatibility, and performance. Need help? We're available by phone call, email or web forum.

Memory Size	16384MB (4 module(s) x 4096MB)
Memory Type	DDR3
Memory Speed	1333MHz
Memory Package	DIMM
Designation	PC3-15000
Pin Configuration	240 pins

Memory Express Ltd

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
