Sapphire Radeon FleX HD 6450 1024MB Passive Graphics Card PCI-E DVI HDMI

No Image
Available

The SAPPHIRE HD 6450 FleX incorporates this SAPPHIRE exclusive feature into a mainstream graphics card and delivers the most cost-effective Eyefinity solution available for increased productivity in tasks such as editing or business applications. It can also be used in multi-screen information display systems where three low cost monitors can be directly connected to each FleX card installed. The SAPPHIRE HD 6450 FleX can support three DVI monitors in Eyefinity mode and deliver a true SLS (Single Large Surface) work area. The first two monitors are connected to the DVI outputs, as usual. A third DVI monitor can be connected to the HDMI output with the passive cable adapter supplied. Thus three DVI monitors can be used in Eyefinity mode without any additional investment.

Barcode	4895106261563
Chipset	AMD Radeon HD 6450
Chip Clock	625MHz
Memory (Maximum)	1024MB 1600MHz DDR3
System Requirements	PCI Express based PC is required with one X16 lane graphics slot available on the motherboard. Certified power supplies are recommended. Please refer to: http://support.amd.com/us/certified/power-supplies/Pages/listing.aspx 1024MB Minimum of system memory. Installation software requires CD-ROM drive. DVD playback requires DVD drive. Blu-ray / HD DVD playback requires Blu-ray / HD DVD drive. 400 Watt Power Supply is required.
Dimensions	11.0cm (W) x 18.0cm (D) x 4.3cm (H)

Features

- * Dual-Link DVI
- * HDMI 1.4a
- * Single-Link DVI-D
- * AMD Eyefinity
- * Sapphire FleX Technology
- * 40nm Process Technology
- * PCI-Express 2.0
- * AMD HD3D Technology

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
