IBM Tivoli Security Identity and Access Assurance User Value Unit Licence and 12 Months Software Subscription and Support

IBM Security Identity and Access Assurance can help you address compliance initiatives, reduce operational costs (by automating manual administrative tasks that can reduce help desk calls), improve operational security posture, administer and enforce user access to resources, and improve operational efficiencies, thus helping to enhance user productivity. IBM Security Identity and Access Assurance V1.2 capabilities: Automated and policy-based user management solution that helps effectively manage user accounts; Enterprise, web, and federated single sign on, inside, outside, and between organizations, including cloud deployments; Identity and access support for files, operating platforms, web, social networks, and cloud-based applications; Integration with stronger forms of authentication (smart cards, tokens, one-time passwords, and so forth); Automated monitoring, investigating, and reporting on user activity across the enterprise. IBM Security Identity and Access Assurance V1.2 includes: IBM Tivoli Identity Manager V5.1, IBM Security Access Manager for Enterprise Single Sign-On V8.2, Suite or Suite (Virtual Appliance), IBM Tivoli Federated Identity Manager V6.2.2, IBM Tivoli Access Manager for e-business V6.1.1, user activity monitoring technology from IBM Tivoli Security Information and Event Manager V2.0.

User Value Unit (UVU) is a unit of measure by which the program can be licensed. UVU Proofs of Entitlement (PoEs) are based on the number and type of users for the given program. Licensee must obtain sufficient entitlements for the number of UVUs required for licensee's environment as specified in the table below. The UVU entitlements are specific to the program and type of user and may not be exchanged, interchanged, or aggregated with UVU entitlements of another program or type of user. The users for the purposes of UVU calculation are the sum of all internal users, external users, and infrequent users given access to the program.

Features

∗ **12 Months Software Subscription and Support**

∗ **Manages security and compliance risk posture by ensuring adherence to security policy**

∗ **Can streamline operational efficiency when handling daily identity lifecycle changes**

∗ **Can enhance end-user productivity by facilitating access to applications**

∗ **Monitors privileged users to provide accountability for normative compliance**

∗ **Manage compliance by facilitating the understanding and remediation of the access posture for the enterprise**

∗ **Reduce operational costs by using identity and access governance controls to streamline the handling of large number of access changes**

∗ **Improve time to value using alternative virtual appliance and business gateway deployment models**

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
