## **IBM Tivoli Netcool Performance Manager Base Per Resource Value Unit Licence and 12 Months Software Subscription and Support**

No Image  
Available

Tivoli Netcool Performance Manager simplify the network performance monitoring of both wireless and wireline/IP based networks. IBM Tivoli Netcool Performance Manager enables CSPs and large enterprises to address the needs and challenges of both fixed and mobile networks - all with one bundled performance management offering. Facilitate fixed-mobile convergence with a bundled performance management offering that addresses the needs and challenges of both fixed and mobile networks. Obtain the network performance visibility needed to help minimize service degradations, disruptions and trouble-shooting time. Reduce operational costs and boost operational efficiencies by consolidating performance management systems and enabling proactive problem identification. Draw on the combined strengths of IBM Tivoli Netcool/Proviso for wireline networks and IBM Tivoli Netcool Performance Manager for Wireless to improve network performance and service quality.

Resource Value Unit (RVU) is a unit of measure by which the program can be licensed. RVU Proofs of Entitlement are based on the number of units of a specific resource used or managed by the program. Licensee must obtain entitlements for this program sufficient to cover the resources managed by the program. Licensee must obtain sufficient entitlements for the number of RVUs required for Licensee's environment for the specific resources as specified in the resource table found in the program's announcement and/or License Information document. RVU entitlements are specific to the program and the type of resource and may not be exchanged, interchanged, or aggregated with RVU entitlements of another program or resource.

### **Features**

- \* Network performance Management software for wireless, wireline and convergent networks
- \* Facilitate fixed-mobile convergence with a bundled performance management offering that addresses the needs and challenges of both fixed and mobile networks
- \* Obtain the network performance visibility needed to help minimize service degradations, disruptions and trouble-shooting time
- \* Reduce operational costs and boost operational efficiencies by consolidating performance management systems and enabling proactive problem identification
- \* Draw on the combined strengths of IBM Tivoli Netcool/Proviso for wireline networks and IBM Tivoli Netcool Performance Manager for Wireless to improve network performance and service quality
- \* 12 Months Software Subscription and Support

### **Specification**

### **About Memory Express**

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
