IBM Tivoli Netcool OMNibus Probe Tier 3 Resource Value Unit Licence and 12 Months Software Subscription and Support

No Image
Available

Use Tivoli Netcool Probes to actively collect business and technology events from more than 1,000 sources in real time. These lightweight agents and applications look for events and traps, and monitor network devices across the business. You can also develop and customize Tivoli Netcool Probes to support virtually any kind of event, including those generated by proprietary business applications. The probes deliver data to the ObjectServer for collection, filtering, and storage, where your staff can view and manipulate the information and then take meaningful action. Probe Tier 3 (VUE B) IBM Tivoli Netcool/OMNibus is counted by the number of managed instances from the following list: Aprisma Spectrum, Castlerock SNMP, CFS Building Management, CMS400, Compaq Tandem, DEC VAX Operator Communication Facility, Enterprise SNMP EMS, FDF Server - Single Connection, Freshwater Sitescope, Hewlett Packard IT/Operations Center, Hewlett Packard OpenView NNM, Hewlett Packard Vantage Point Operations, IBM NetView/6000, Microsoft Operations Manager (MOM), Microsoft System Center for Operations 2007 (SCOM 2007), N.E.T. IDNX, N.E.T. Open/5000, Netlabs (DiMONS 2G), Nortel Multi-service Data Manager, Open NerveCenter, Oracle, Polycentre Watchdog, Siemens Landis and Staefa, Sun ManagementCenter, Sun Solstice Enterprise Manager, Sun SunNet Manager.

Resource Value Unit (RVU) is a unit of measure by which the program can be licensed. RVU Proofs of Entitlement are based on the number of units of a specific resource used or managed by the program. Licensee must obtain entitlements for this program sufficient to cover the resources managed by the program. Licensee must obtain sufficient entitlements for the number of RVUs required for Licensee's environment for the specific resources as specified in the resource table found in the program's announcement and/or License Information document. RVU entitlements are specific to the program and the type of resource and may not be exchanged, interchanged, or aggregated with RVU entitlements of another program or resource.

Features

- * **12 Months Software Subscription and Support**
- * **Delivers a central point of real-time service management for business applications, network devices, Internet protocols and security devices**
- * **Enables you to identify and resolve the most critical problems with automated event correlation, isolation and resolution capabilities**
- * **Consolidates data in operational silos into real-time Web dashboard views with customizable displays of events, service views and operational indicators**
- * **Supports current and evolving standards and uses approved cryptographic providers to help ease security audits**
- * **Utilizes customizable lightweight agents to collect business and technology events from more than 1,000 sources in real time**

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
