IBM Tivoli OMNIbus and Network Manager Entry Tier per Resource Value Unit Trade Up from IBM Tivoli Enterprise Console Licence and 12 Months Software Subscription and Support

IBM Tivoli OMNIbus and Network Manager is designed to provide a cost-effective Service Assurance solution for real-time network discovery, network monitoring, and event management of IT domains and next-generation network environments. The customizable web-based user interface, enabled through the Tivoli Integrated Portal infrastructure, allows you to achieve end-to-end visualization, navigation, security, and reporting (real time and historical) across Tivoli and third-party management tools. IBM Tivoli OMNIbus and Network Manager V9.1 delivers event, network, and configuration management enabling network device security and control in a single offering. It gives you the opportunity to capitalize on the tight integration between Tivoli Netcool/OMNIbus, Tivoli Network Manager IP Edition, and Tivoli Netcool Configuration Manager. These three products, also orderable separately, provide unrivalled visibility and control of the managed domain and as a joint offering provide the depth and breadth of management capability required almost regardless of size. Designed for use in both the smallest to some of the largest deployments, this fast-to-deploy solution offers around-the-clock event and network management with high automation to help you deliver continuous uptime of business, IT, and network services.

Resource Value Unit (RVU) is a unit of measure by which the program can be licensed. RVU Proofs of Entitlement are based on the number of units of a specific resource used or managed by the program. Licensee must obtain entitlements for this program sufficient to cover the resources managed by the program. Licensee must obtain sufficient entitlements for the number of RVUs required for Licensee's environment for the specific resources as specified in the resource table found in the program's announcement and/or License Information document. RVU entitlements are specific to the program and the type of resource and may not be exchanged, interchanged, or aggregated with RVU entitlements of another program or resource.

Features

* **Enhanced visualization that improves ease of use and faster time to value**

* **Improvements in performance and scalability**

* **Extended integration with Tivoli and third-party software**

* **Delivers lower cost of ownership including easier deployment and monitoring improvements**

* **Increased network technology support**

* **Improves time to value for management of new devices into the network and improve the robustness of the network**

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
