IBM Tivoli Storage Manager FastBack for Bare Machine Recovery Annual Software Subscription and Support Renewal

IBM **Tivoli** software

Extensive recovery capabilities for Microsoft Windows and Linux servers. IBM Tivoli Storage Manager FastBack for Bare Machine Recovery provides recovery following a disaster or catastrophic server failure, restoring systems within an hour. Restores the server operating system volume following a disaster or catastrophic server failure. For Windows systems, provides the flexibility of recovering to comparable hardware, to dissimilar hardware or to a virtual machine using VMware or Microsoft Virtual Server. Helps protect remote or branch offices with a cost-effective disaster recovery and business resiliency strategy that requires a minimum of standby hardware. Leverages IBM Tivoli Storage Manager FastBack to provide near-instant access to applications and data while full recovery takes place in the background. Facilitates the fast and easy migration of workloads from old hardware or standalone servers to new hardware platforms. Enables organizations to perform bare machine recovery in a local office, in a data centre or in a central recovery site.

Features

- * Restores the server operating system volume following a disaster or catastrophic server failure
- * For Windows systems, provides the flexibility of recovering to comparable hardware, to dissimilar hardware or to a virtual machine using VMware or Microsoft Virtual Server
- * Helps protect remote or branch offices with a cost-effective disaster recovery and business resiliency strategy that requires a minimum of standby hardware
- * Leverages IBM Tivoli Storage Manager FastBack to provide near-instant access to applications and data while full recovery takes place in the background
- * Facilitates the fast and easy migration of workloads from old hardware or standalone servers to new hardware platforms
- * Enables organizations to perform bare machine recovery in a local office, in a data centre or in a central recovery site
- * Operating systems supported: Windows and Linux
- * Annual Software Subscription and Support Renewal

Specification

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
