IBM Tivoli Storage Manager for Enterprise Resource Planning 10 Processor Value Units 12 Months Software Subscription and Support Reinstatement

Tivoli Storage Manager for Enterprise Resource Planning protects your vital SAP system data. Now you can improve the availability of your SAP database servers and reduce your administration workload with automated data protection designed for mySAP/SAP R3 environments. Delivers business value by focusing on automated operation, built-in productivity aids, optimum performance and investment protection. Relieves administrators from repetitive tasks with a browser-based central control point that provides information about data transfer performance, including bottlenecks, and system backup status, including detailed information on individual jobs. Provides more flexibility on server side maintenance tasks (e.g. backup storage pool operations); can now be interrupted without being required to re-start backup. Integrates with the database-specific utilities of IBM DB2 UDB, Oracle and SAP BR∗ Tools, a set of database administration functions incorporated into mySAP for Oracle databases.

Features

∗ **12 Months Software Subscription and Support Reinstatement**

∗ **SAP Certified: Enables multiple SAP database servers to share a single Tivoli Storage Manager server to automatically manage the backup data**

∗ **Is SAP-certified for heterogeneous environments, supporting large-volume data backups, data recovery, data cloning and disaster recovery of multiple SAP database servers**

∗ **More efficient backup of very large SAP databases - breaks up extremely large SAP database objects into multiple smaller objects**

∗ **Provides more flexibility on server side maintenance tasks (e.g. backup storage pool operations); can now be interrupted without being required to re-start backup**

∗ **Performs online, consistent and centralized backups to avoid downtime, protect vital enterprise data infrastructure and minimize operation costs**

∗ **Incremental backup of SAP databases on Oracle RMAN**

∗ **Service offering available to automate backup/recovery of SAP MaxDB environments**

∗ **Operating systems supported: AIX, HP-UX, HP-UX, Linux, Solaris (Sun microsystems), Windows family**

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
