IBM Tivoli Storage Manager for Mail 10 Processor Value Units Tradeup Express MS Exchange Licence and 12 Months Software Subscription and Support

IBM **Tivoli** software

IBM Tivoli Storage Manager for Mail protects data on e-mail servers running Lotus Domino or Microsoft Exchange. This software module for Tivoli Storage Manager automates data protection, enables hot backups without shutting down the server and improves data restore performance. Item level recovery of Microsoft Exchange e-mail objects - recover a user's mailbox, or individual items within the mailbox using new search capabilities. Utilizes the application program interfaces (APIs) provided by e-mail application vendors to perform online hot backups and improve restores without shutting down the e-mail server. Helps protect the growing amount of new and changing data that should be securely backed up to help maintain 24x365 application availability. Exploits the transaction logging feature of Domino, enabling the capture of just the database changes for logged databases, thus resulting in less-frequent full backups. Uses the backup APIs provided by Microsoft to create a copy of the Exchange server storage group databases along with the associated transaction logs. Can produce the different types of backups specified by Microsoft backup APIs: Full Backups, Incremental Backups, Differential Backups, Copy Backups and Database Copy Backups.

Features

- * 12 Months Software Subscription and Support
- * Item level recovery of Microsoft Exchange e-mail objects - recover a user's mailbox, or individual items within the mailbox using new search capabilities
- * Utilizes the application program interfaces (APIs) provided by e-mail application vendors to perform online hot backups and improve restores without shutting down the e-mail server
- * Helps protect the growing amount of new and changing data that should be securely backed up to help maintain 24x365 application availability
- * Exploits the transaction logging feature of Domino, enabling the capture of just the database changes for logged databases, thus resulting in less-frequent full backups
- * Uses the backup APIs provided by Microsoft to create a copy of the Exchange server storage group databases along with the associated transaction logs

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
