## **IBM Tivoli Storage Manager for System Backup and Recovery 10 Processor Value Units Licence and 12 Months Software Subscription and Support**

IBM **Tivoli** software

IBM Tivoli Storage Manager for System Backup and Recovery delivers a flexible backup method for your AIX systems. It offers a comprehensive system backup, restore, and reinstallation tool and can be executed from either the AIX command line or by using the System Management Interface Tool (SMIT) menu interface. Protects critical data from equipment failure or environmental factors, and provides utilities to create backup scripts and schedules for easier task automation for businesses of any size. Enables the choice of several types of backups, including full system (installation image), volume group, file system, file or directory, and raw logical volume. Supports configuration of network ports to communicate through firewalls and Pass-thru support for all AIX operating system language locales. Allows for the storage of backup objects into an IBM Tivoli Storage Manager server, and can back up any non-rootvg data. Integrates network boot and install features in support of RS/6000 SP systems, and provides Offline Mirror Backup options to enable simultaneous user and system access to active copies of data.

### **Features**

- \* 12 Months Software Subscription and Support
- \* IBM Tivoli Storage Manager for System Backup and Recovery delivers a flexible backup method for your AIX systems

### **About Memory Express**

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
