TP-Link TL-WR702N 150Mbps Wireless N Nano Router

No Image Available

The TL-WR702N is designed for use with tablets, smart phones, handheld game consoles and other portable electronic wireless devices. The device, which can be powered by an external power adapter or USB connection to a computer, can conveniently connect to the internet and share the connection around an average sized room at 150Mbps.The device's tiny size makes it ideal for use on the road and is powerful enough to satisfy almost any basic wireless application requirement. TL-WR702N is the smallest wireless router in the world and very easy to use. A traveler need simply plug a hotel room's WAN cable into the port provided and enter a default password to instantly create a wireless hotspot in the room. TL-WR702N has a Micro USB port and can be powered by an external power adapter or via a USB connection to a computer. When traveling, users can plug the TL-WR702N into their computer's USB port and share their Wi-Fi connection with family and friends. TL-WR702N supports AP, Router, Bridge, Client and Repeater modes to enable various wireless applications to give users a more dynamic and comprehensive wireless networking experience.

TL-WR702N provides WPA-PSK/WPA2-PSK encryptions, which can effectively and efficiently protect the wireless network. What makes the nano router more powerful is its Pre-Encryption function which sets the initial SSID and Password for users to protect their wireless security.

Barcode	6935364051785
Router Type	Wireless N
Wireless LAN Standards:	IEEE 802.11 b g n
LAN Ports	1 port(s) x RJ-45 10/100Mbps Ethernet
USB Ports	1 x USB
Dimensions	5.7cm (W) x 5.7cm (D) x 1.8cm (H)

Features

∗ **Compatible with IEEE 802.11b/g/n**

∗ **Wireless speed up to 150Mbps**

∗ **Compact and portable, small enough to take on the road**

∗ **Powered through a micro USB port by an external power adaptor or USB connection to a computer**

∗ **Compatible with almost all 2.4GHz Wi-Fi devices**

∗ **Supports AP, Router, Client, Bridge and Repeater operation modes**

∗ **Supports WEP, WPA/WPA2, WPA-PSK/WPA2-PSK encryptions**

Specification

General

The TL-WR702N is designed for use with tablets, smart phones, handheld game consoles and other portable electronic

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
