SteelSeries 7H Fnatic Headset (Orange Black White)

No Image
Available

The SteelSeries headset features 50mm drivers with a remarkably wide frequency response that delivers rich and detailed audio reproduction. The headset delivers a clean and clear soundscape from mood setting music to critical 3D positional sounds and alerts. The headset offers two interchangeable ear-cushions that provide long-lasting comfort: Open-type cloth covered foam ear-cushions with hear-through functionality and closed-type leather ear-cushions with noise dampening foam that increases passive noise isolation. The headset can be dismantled in 4 separate pieces, which allows for compact and easy transportation. The right ear-cup features an invisible pull-out unidirectional microphone system, that can be discretely hidden when not in use. The durable braided cord includes built-in volume and microphone controls.

Barcode	5707119012478
Dual Earpiece	Yes
Over Head Support	Yes
Speaker Frequency Response	18Hz - 28kHz
Microphone Frequency Response	50Hz - 16kHz
Connector Type	1 x 3.5mm Jack
Cable length	3m

Features

- * Optimized soundscape for crystal clear high, low and mid-tones
- * Interchangeable ear-cushions for both hear-through cloth and noise dampening leather
- * 50 mm driver units provide rich and detailed audio reproduction
- * Pull-out, invisible microphone
- * Travel friendly and can be dismantled into 4 separate pieces

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
