Cisco Catalyst 3560C PD PSE Network Switch 8 x Gigabit Ethernet PoE, 2 x 1G Copper Uplink, IP Base

No Image Available

Cisco Catalyst compact switches easily extend an intelligent, fully managed Cisco Catalyst wired switching infrastructure, including end-to-end IP and Borderless Network services, with a single Ethernet cable or fiber from the wiring closet. These attractive, small form-factor Gigabit and Fast Ethernet switches are ideal for connecting multiple devices on the retail sales floor; in classrooms, hotels, and factories; and for extending wireless LAN networks: wherever space is at a premium and multiple cable runs could be challenging. Cisco Catalyst 2960-C Series compact switches ship with the LAN Base version of Cisco IOS Software, as available on other Cisco Catalyst 2960 Series Switches. Similarly, Cisco Catalyst 3560-C compact switches ship with the IP Base version of Cisco IOS Software, as with other 3560 Series switches. Neither series of compact switches can be upgraded. Cisco Catalyst 2960-C switches deliver advanced Layer 2 switching with intelligent Layer 2 through 4 services for the network edge, such as voice, video, and wireless LAN services. The IP Base feature set on Cisco Catalyst 3560-C switches adds baseline enterprise services, including support for routed access, Cisco TrustSec, media access control security (MACsec), and other Cisco Borderless Network services.

The LAN Base feature set offers enhanced intelligent services that include comprehensive Layer 2 features. The IP Base feature set provides baseline enterprise services in addition to all LAN Base features. IP Base also includes the support for routed access, MACsec, and Open Shortest Path First (OSPF).

Barcode	0882658388613
Memory (Maximum)	128MB
Power over Ethernet (PoE)	Yes , 15 Watts per port
Fixed Ports	8 port(s) x RJ-45 , 10/100/1000Mbps ,
Uplink Ports	2 port(s) x 1000Mbps , (Copper)
Dimensions	26.90cm (W) x 19.60cm (D) x 4.44cm (H) - Weight 1.50kg

Information

The LAN Base feature set offers enhanced intelligent services that include comprehensive Layer 2 features. The IP Base feature set provides baseline enterprise services in addition to all LAN Base features. IP Base also includes the support for routed access, MACsec, and Open Shortest Path First (OSPF).

General

Barcode	0882658388613

Memory

Flash Memory	64MB
Memory (Maximum)	128MB

Performance

MAC Addresses	8,000
Mean Time Between Failure (MTBF)	333,354 Hours
Packet Forwarding Rate	13.2Mpps
Stacking Bandwidth (Max)	10Gbps

Interfaces/Ports

Network Speeds Supported	10/100/1000MBps
Power over Ethernet (PoE)	Yes , 15 Watts per port
Fixed Ports	8 port(s) x RJ-45 , 10/100/1000Mbps ,
Uplink Ports	2 port(s) x 1000Mbps , (Copper)

Environmental

Heat Dissipation	174BTUs per Hour
Environmental	Operating Temperature 5 to 45C - Humidity 5 to 95%

Physical

LED Status Indicators	Per-port status: Link integrity, disabled, activity, speed, full-duplex System status: System, RPS, link status, link duplex, link speed

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
