If you're serious about gaming, we're serious about you. The Crucial Ballistix Tactical Series delivers the latest features at a price you can afford. If you want solid performance, stability, and compatibility, put the Ballistix Tactical series to work for you. The Crucial Ballistix Tactical Series is designed for performance enthusiasts, gamers and power users. Ballistix Tactical features increased speeds and timings, a black PCB, and enhanced heat spreader for improved thermal performance. If you are looking for reliable, quality memory ideal for stability and compatibility while kicking up the performance factor, the Ballistix Tactical Series is a perfect fit. Available in DDR3 in all popular speeds and densities. When you buy Ballistix, you buy confidence. We back our products with limited lifetime warranties and outstanding service and support. At Crucial, each one of our Ballistix modules passes rigorous testing to meet or exceed specifications. Price competitive, high-quality, and reliable, the Crucial Ballistix Tactical series gives you the serious advantage you've been looking for.

Warranty	Limited lifetime warranty.
Memory Size	8192MB (2 module(s) x 4096MB)
Memory Type	DDR3
Memory Speed	1600MHz
Memory Package	DIMM
Designation	PC3-12800
Pin Configuration	240 pins
Bus I/O Configuration	Unbuffered
Error Correction	Non ECC

Features

- * Crucial Ballistix Tactical 8GB Memory Kit (2x4GB)
- * PC3-12800 DDR3 240-pin DIMM
- * Designed for performance enthusiasts, gamers and power users
- * Enhanced heat spreader
- * Advanced speeds and timings (XMP Profile)
- * Premium quality DRAM
- * Black PCB
- * Proven stability and reliability

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
