HP R7KVA (4U) Rackmount Uninterruptible Power System High Voltage IEC-32A (International)

Does your power protection strategy need to meet the same high standards as your IT hardware? HP Rack-mountable Uninterruptible Power Systems focus on the three critical areas for uninterruptible power in dense data centre environments: power density, superior battery management and serviceability. Combining unity rating with more true wattage in smaller form factors, the HP Rack-mountable UPS is highly dense. The On-line On Demand hybrid technology optimizes efficiency and heat output during general operation. All HP Rack-mountable UPSs ship with the free HP Power Protector Software that incorporates Enhanced Battery Management, an exclusive patented technology that doubles battery service life, which lowers your costs. Hot-swappable batteries and intelligent automatic bypass for continuous power improve serviceability.

Warranty	3 Year Parts/1 Year Labour/1 Year On-Site
Input Connection type	1 x IEC 60309 332P6
Output Connections	6 x IEC 60320 C19 2 x IEC 60309 332P6
Battery Type	Maintenance-Free Sealed VRLA
Output Capacity	7.0kVA
Input Voltage Range	220 to 240V AC
Dimensions	43.70cm (W) x 73.40cm (D) x 17.20cm (H) - Weight 75.0kg

Features

∗ HP Rack-mountable Uninterruptible Power Systems provide up to 12,000 watts (W) of power in a 6-U rack form factor. This equates to 2 KW per U space, which leads the industry in power density

∗ HP Rack-mountable UPSs offer the ability to automatically correct for over/under voltages protecting valuable equipment

∗ The HP Rack-mountable Uninterruptible Power Systems incorporate Enhanced Battery Management: an exclusive, patented technology that doubles battery service life, extends battery recharge time, and provides advance notice of pending battery failure

∗ HP Rack-mountable Uninterruptible Power Systems Enhanced Battery Management, gives you a lower total cost of ownership by receiving the best in the industry protection for your critical equipment

∗ HP Rack-mountable Uninterruptible Power Systems have a uniquely designed architecture, consisting of separate, hot swappable battery and electronics modules. The built-in intelligent automatic bypass feature offers continuous power to the connected load e

About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
