## Logitech M187 Wireless Mini Mouse (Black)

No Image  
Available

The pocket-size mouse that's big on wireless security and reliability. You can take the Mini Mouse wherever you take your laptop-thanks to its pocket-ready, extra-small design. The tiny nano receiver stays in your USB port-and lets you enjoy the freedom of wireless with more precision and control than your laptop's touchpad. Enjoy the reliability of a cord with the convenience of wireless-thanks to Logitech Advanced 2.4 GHz wireless technology.

<b>Warranty</b>	3-year limited hardware warranty
<b>Mouse Type</b>	Wireless
<b>Colour</b>	Black

### Features

- \* The Mini Mouse is so small it'll easily fit in your purse, handbag or pant pocket for extra-portability
- \* Say good-bye to cords and enjoy wireless freedom (up to 10 meters (or 33 feet)), so it's easy to use your mouse on the couch with your laptop-or even when you're hooking your laptop up to your TV
- \* The nano receiver is so small it stays in your USB port-without worry of losing or breaking it. If you do need to remove it, it stores inside the mouse. You'll enjoy the freedom of wireless with more precision and control than your laptop's touchpad
- \* You get the high quality and reliability that have made Logitech the global leader for mice-plus a three-year limited hardware warranty

### About Memory Express

Although we started out selling just Memory the best part of fifteen years ago, we have diversified organically over the years at the request of our customers. We specialise in Networking, Storage and Disaster Recovery and have the knowledge, experience and strategic partnerships to provide you with the service and value you demand - quality products, reasonably priced and delivered on time.

Memory Express can offer you a full range of installation and configuration services for hardware and software as well as detailed, accurate advice on all aspects of your IT projects. You'll be glad to know that we don't have a room full of school leavers trying to sell products they don't understand - all our staff are seasoned IT specialists and have an average length of service of over ten years. We won't just push you towards the solution we feel like selling; we'll help you to find the one you need.

Meanwhile, online, we offer one of the largest product ranges of any UK IT supplier. Showing near live stock, in depth product information and keen pricing, we're sure you'll find what you need. We also have matched memory upgrades for over 50,000 models of computer, server, printer, phone and camera, guaranteeing you the right memory, first time. All this is backed up by the same great service you'd expect when dealing with us over the phone. For our regular business customers, we provide T3, our corporate purchasing portal which provides a truly corporate focused buying experience.

We're conveniently located in Park Royal, London's Technology Business Park, allowing us to reach all areas of the UK quickly and efficiently. Many of our City based corporate clients benefit from same day delivery and we can offer next day delivery to established customers throughout the British Isles. Online delivery tracking and status information means that you need not worry about the whereabouts of your order.

We're proud to have built up a wide variety of partnerships with quality vendors and many of our staff hold certifications from top tier manufacturers including Microsoft, Acronis, Symantec and VMWare.

Our clients vary in size from SMEs to many of the UK's largest corporates, government departments, schools and universities, and we're pleased to say that most have been our customers for many, many years - we believe in long term business relationships, not turning a quick profit. Why not contact us now to see how we can help you get the quality of service they already enjoy?
